### EXAMINER'S AMENDMENT

Acknowledgement is made of the amendment filed on 8/19/05. Claims 1-8 are currently pending.

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kevin Turner on October 13 and 14, 2005.

The application has been amended as follows:

#### **IN THE CLAIMS:**

- in claim 1, line 10, insert --face data of-- between "among" and "possible";
- in claim 3, line 11, insert --face data of-- between "among" and "possible"; and
- in claim 7, line 10, insert --face data of-- between "among" and "possible".

#### ***Allowable Subject Matter***

2. Claims 1-8 are allowed.

Art Unit: 2876

3. The following is an examiner's statement of reasons for allowance: although the Funada invention discloses a robot, a data base, and a controller, the prior art of record fails to teach or fairly suggest either alone or in combination thereof, a controller which sends face data as reference data to the robot, wherein the face data are retrieved from the data base among face data of possible persons who have concurrent presence in an area and time zone with the robot. Furthermore, no motivation has been found to modify the teachings of Funada with other prior art to arrive at the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
